2015 PRESS KIT

# BARON

Imagine walking straight up to the owner of the hottest club in town and asking him point blank, "Can I play your club one night? I'll do it for free, and if I suck, you never have to talk to me again—but if I'm good, hire me as a resident." This is what Baron said to EDEN owner John Burchert, landing his first club gig, then locking in his first residency, all at the age of 16. Baron leads with his talent, blowing the crowd's mind with his table skills, then backs it up with his professionalism and respect for the game. First trying his hand at DJing at age 10 and mastering the decks by age 14, these days Baron regularly opens for industry heavy hitters who play on the national DJ circuit, including DJs Joe Maz, Konflikt, Obscene, and Crespo. Soaking up everything there is to learn from the new masters, Baron has the Iowa scene on lock and is pursuing bigger markets coast to coast. He has the trifecta of skill, focus, and drive, tirelessly crafting flawless, explosive sets. With astounding raw talent and an impressive level of industry experience—not to mention his whole career ahead of him—Baron is a true rarity.
