

A man with a shaved head, wearing a black t-shirt, is shouting with his mouth wide open and his fists clenched. He is in a dark arena with confetti falling around him. The background shows the faint outlines of stadium seating and bright spotlights.

B I O G R A P H Y

DJ Mark Anthony is an unparalleled artist, adapting to every audience he plays for. With an ear for hits, the Brooklyn native has made a name for himself as an open format DJ with his engaging, high-energy performances and mastery of all genres of music. He is supported by some of the world's top open format DJs such as Vice, Ruckus, Politik, Jesse Marco and BeatBreaker, playing MA's remixes and edits in large high-end venues around the globe. 5 years on Sirius XM Radio as Heather B's right hand man, left Mark Anthony with the ability to hit any and every market he encounters. "It's all about the vibe, it's a roller coaster. I read the room and play accordingly."

Resilience and determination allowed him to climb the industry ladder, from a local Brooklyn DJ, to performing on the stages of NYC's most popular nightclubs including Goldbar, AVENUE, PHD Rooftop, and onto the national and international scene, playing venues in Las Vegas, Boston, Sacramento, Denver, Connecticut, Syracuse, Canada and Hong Kong.

DJ Mark Anthony continues to sharpen his skills and evolve as an artist with every performance. "I love the excitement of not knowing what's going to happen. Every time I'm on the set I'm challenged and try to outdo my last performance." A well trusted resident at large corporate nightclubs, Mark Anthony is currently performing each month at his residencies at Avalon Mohegan Sun and LAVA Turning Stone. Be sure to look out for his new original remixes and venues coming soon.
