# DJ B-RAD

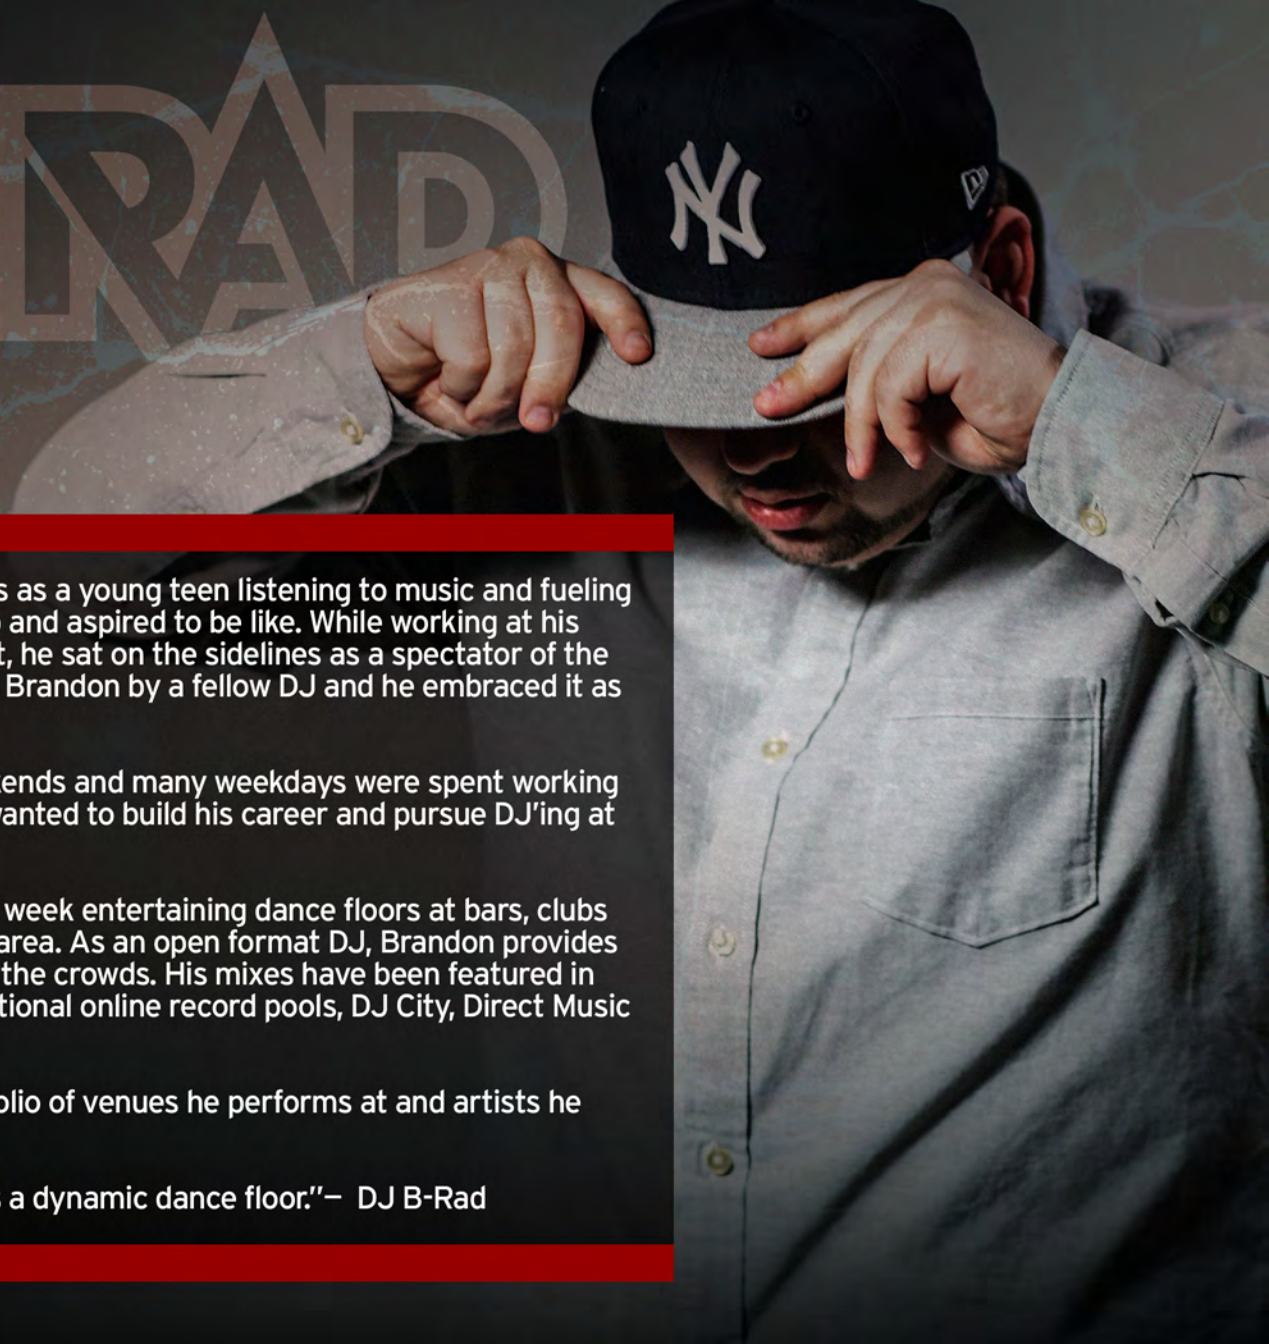

Brandon has come a long way since his days as a young teen listening to music and fueling his passion. There were DJs he looked up to and aspired to be like. While working at his first job at Partners in Sound Entertainment, he sat on the sidelines as a spectator of the DJ lifestyle. B-Rad was a nickname given to Brandon by a fellow DJ and he embraced it as his DJ name.

At the beginning of his career, endless weekends and many weekdays were spent working private and corporate events. He knew he wanted to build his career and pursue DJ'ing at nightlife venues.

You can now find DJ B-Rad any night of the week entertaining dance floors at bars, clubs and lounges all over the New York tri-state area. As an open format DJ, Brandon provides all genres of music with his unique style for the crowds. His mixes have been featured in the top five downloaded remixes on international online record pools, DJ City, Direct Music Service and Digital Music Pool.

Brandon has dreams of expanding his portfolio of venues he performs at and artists he collaborates with.

“For me, the greatest satisfaction as a DJ is a dynamic dance floor.”— DJ B-Rad
